Report on Past Activities:

Yes I'm back! The hip is coming along also. I wish to say thanks to Dave Brannigan, Jim Iacoboni and Aaron Williams, Chris Drake and all other volunteers who made this year beautiful. We purchased and installed a new arch in the rose garden on the west side of the church.

Most beds were planted and maintained.

We are now working to complete the rosary garden at the school which was started last year.

We are investigating how we can make the church fountain function better and have cleaner water for next year. There will be more info on this to come.

I wish to thank the Women's Club for their cash donation to complete this school project.

Also, thanks to the church office for their continued support in the outside beauty of our church.

Report on Activities:

1. Old boiler is being removed from the basement. They will be back tomorrow to continue work. They hope to have it all apart and have the new boiler come in so that they can remove the scrap iron and bring in the two new boilers
2. I am in the process of looking for a way to have the person who will be working on the bells to have a lift to the top of the bell tower and to get a reach forklift in to remove the bells from the tower and have them taken to Cincinnati all at a reasonable price.
3. Buckeye Asphalt will be resealing the parking lot for us. The former company did not respond to our many phone calls about fixing the dip in the lot. Buckeye said to try to get the slight dip fixed would cost too much. Maybe with the sealing it may help.
4. The painting of the rectory on the outside will (hopefully) start on Wednesday of this week. The outside woodwork and the windows are peeling badly and need some attention.
5. The downspouts of the church seem to be a continuous problem. A representative from the diocese maintenance department and a parishioner, Rob Schorr, and with Chris's help, they have attempted to clean out the drains on the upper roof and have some success. Chris Drake will continue the process and hopefully clear out the drains so that there isn't a runoff on to the flat roof.
6. The kitchen is in the works and the cabinet person and counter person have come up with ideas for the kitchen. We have to choose what color we want for the counter top. Once we do that then the process will continue.
